Write three or four paragraphs addressing the following questions: 1 . What type of learning style do I exalt the most? How did I develop this learning style? (Ponder... Was your mom or dad the same kind of learner? Did your grade schoolteacheremphasize this learning style, or were you Just born this way? I feel I exalt a mixture of learning style.

My most exalt learning style Is me being active while I'm learning. I like to have fun when I'm learning because that's the only way I feel I can retain Information. When things I'm learning seems boring, I tend to not focus and become uninterested no matter what It may be. My mom was the type who could learn thing no matter how they were presented. My dad learn things when it active for him to do so and hands on. I have to be literally doing something with what I am learning, otherwise it will take me a while to grasp it.

From what I was told by my parents, I was born active. I always watched something be done first, then I'm doing it minutes later. 2. When you thought about entering your program of study at ITT Tech, did your dominant learning style have anything to do with your choice? How do you think your dominant interests and dominant learning styles are connected? I was always into computers andtechnology, so it was easy to decide on what program I wanted to take at ITT Tech. I chose NSA because I felt like it fit into what I wanted to do for mycareer.

NSA is not just a 'sit at your desk" type career, it's a lot of moving around and hands on self that comes with it. With me having an active learning style, I felt NSA would be perfect for me. I enjoy training and teaching others to utilize computers and other technology. I also so felt that being in the NSA field, you have to not only be active, but have an active mind as well. By
