

A person who has an
influence on
american history

**ASSIGN
BUSTER**

A person who has an influence on American history.

In the history, in the eyes of the Americans, President Roosevelt is most of the positive evaluation, President Roosevelt is a great president of the United States. In the world, including many socialist countries are given a high evaluation of President Roosevelt, he changed the world. This is the basic point of this article. In many people's eyes, President Roosevelt does have a lot of controversy, especially his opposition. President Roosevelt began in 1933 as the president of the United States since, until his death in 1945, his re-election, the 4 terms president, 4 terms government, far beyond the currently prescribed by the constitution of the United States presidential term of office, in many people's opinion, this is a manifestation of democracy, because of this, he was much criticism.

Another point is that the implementation of President Roosevelt's new policy is also the most controversial. On the one hand, President Franklin D. Roosevelt's new deal is known fascist, dictatorship and, on the other hand, President Roosevelt's new policy was also many new forms of Bolshevism is to strangle the capitalist system of the United States, the Communists.

Even some people will President Roosevelt and the same period of Hitler and Mussolini parallel contrast and vilifying President Roosevelt. However, the contribution made by President Roosevelt is not to be denied, and he made a contribution far beyond his shortcomings. First, President Roosevelt over economic crisis of the great depression in the US, the America into a thriving world superpower, not only in economy far ahead in the world and military strength and political and diplomatic influence are greatly impact on the

world.(Blang, Mark(2003), The Formalist Revolution of the 1950s, Journal of the History of Economic Thought, 25, 2: 145-156) Secondly, headed by President Roosevelt, the United States led the Allies largely overcome the fascist aggression, the end of Mussolini's aggression in Europe, great threat to Hitler's arrogant, in the Far East, shortly after the death of President Roosevelt, two atomic bombs to Japan forced to surrender. Once again, President Roosevelt has set up a new world order in the world, and has brought the world's new diplomacy, internal affairs and anti colonial ideas to the people of the whole world. Finally, President Roosevelt, in the United States, the most important is to establish a new national intervention of liberalism, which makes the United States to revive, and thus also get the world to emulate.

President Roosevelt's role is positive, and he has a good reason to become an American and even the world's people. He opened up the a new political concept, save the United States, the United States toward prosperity; he ended the Second World War, save countless human life; he changed the pattern of the world, since then, the world will not tolerate tyranny, not tolerate aggression, does not support the war. President Roosevelt deserves the respect of the people of the world. As for those negative for the president of the evaluation, we can not be ignored, or against people slander President Roosevelt's contribution to the United States, to the world and make contribution, the contribution made by human beings in the future, we should also contain President Roosevelt as president 4 facts, that is because caused by the United States and the world has a special historical period, when the

world is at war, when the country is in the crisis of the great depression, President Franklin D. Roosevelt re-election four U.

S. presidents is understandable, should also respect, even to think of it, the death of President Roosevelt, is for the United States and to give his life for the world of. Posterity should respect President Roosevelt.-Y
