ESET ENDPOINT ANTIVIRUS Discover Innovative ESET Technology " ESET's business software is simple, well designed and easy to use, and can be recommended for large or small networks." AV-Comparatives Online threats are growing rapidly all around the world. For complete peace of mind, ESET delivers industry-leading technology to keep your systems safe from Internet threats, malware, phishing, viruses, spam, and much more. Proposal 6/6/2012 — version 1. 1 Mr. Mark Anthony Olave Systems Administrator - IT SM MARKETING CONVERGENCE, INC. 4th Floor One-EcomCenter, Harbor Drive Mall of Asia Complex CBP-1A, Pasay City 1300 Email Address: mio@mci. com. ph Tel.: (02) 858-3500 ext. 573 Dear Sir Mark, Thank you for your interest in our ESET products. We are pleased to submit for your consideration and approval, our proposal for your ESET Antivirus requirements. Now even better, smarter detection. IT Benefits Endpoint Protection Protect company networks with proven Antivirus, antispyware and advanced device control functionality. Rely on a solution that minimizes system slowdowns and comes with a broad range of customization options. Remote Administration Oversee security across the entire network from a single location. Enlist a range of customization and reporting features to tweak the system security as you need. Network Speed and Stability Load-balance execution of tasks to prevent overloading network connections and antivirus storm on VM hosts. Choose from improved update options — update mirror server via HTTPS connection or revert to older virus database and modules. Reports, Logs & Notifications Monitor network security status and server load statistics even from outside of your company. Perform data parsing via compatible data formats or designate critical threshold for event

notification, set up notifications priority and much more. Business Benefits
 Endpoint Protection Keep company endpoints free of malware with ESET's
 cloud-powered scanning technology. Utilize the device control functionality
 to keep unauthorized USBs and CDs off company machines. Employee
 Effectiveness Keep company computers running smoothly and extend the
 lifetime of hardware thanks low system demands. Keep out distractions like
 pop-ups during presentations or slideshows. Administrator Effectiveness
 Manage all past, present and future ESET security solutions from a single
 location, putting admins in perfect control of network security. Reporting
 Keep admins abreast of network security from outside the company. Take
 advantage of advanced monitoring and reporting tools for complete
 oversight and to take immediate action. Update Management All ESET
 solutions are built to preserve the network speed and stability and smooth
 and reliable operation and come with a range of tools and customization
 options to ensure a consistent level of security. | ESET ENDPOINT ANTIVIRUS
