Wouldn't it be nice to go back in time and have those prices again? These prices are 15, 680 days old. The date, May 14, 1968. I found a lot of interesting things that happened on my birthday. Not so much the year I was born but the date May 14. I am going to take you on a little journey. First we will try to end small pox and then I will take you to the Olympics. We will finish our journey in outer space. Since I will soon be a nursing student I found the year 1796 very interesting.
