" Out Of My League" it's her hair and her eyes today that just simply take me away and the feeling that i'm falling further in love makes me shiver but in a good way all the times i have sat and stared as she thoughtfully thumbs through her hair and she purses her lips, bats her eyes as she plays, with me sitting there slack-jawed and nothing to say coz i love her with all that i am and my voice shakes along with my hands coz she's all that I see and she's all that I need and i'm out of my league once again it's a masterful melody when she calls out my name to me s the world spins around her she laughs, rolls her eyes and i feel like i'm falling but it's no surprise coz i love her with all that i am and my voice shakes along with my hands cause it's frightening to be swimming in this strange sea but i'd rather be here than on land yes she's all that i see and she's all that i need and i'm out of my league once again it's her hair and her eyes today that just simply take me away and the feeling that i'm falling further in love makes me shiver but in a good way all the times i have sat and stared as she thoughtfully thumbs through her hair and she purses her lips, bats her eyes as she plays, with me sitting there slack-jawed and nothing to say coz i love her with all that i am and my voice shakes along with my hands cause it's frightening to be swimming in this strange sea but i'd rather be here than on land yes she's all that i see and she's all that i need and i'm out of my league once again Bryan adams - HEAVEN Oh, thinkin' about all our younger years.

There was only you and me We were young and wild and free Now nothin' can take you away from me We've been down that road before But that's over now You keep me comin' back for more Chorus] Baby you're all that I want When you're lyin' here in my arms I'm findin' it hard to believe We're in

Coldplay " Fix You" When you try your best, but you don't succeed When you get what you want, but not what you need When you feel so tired, but you can't sleep Stuck in reverse And the tears come streaming down your face When you lose something you can't replace When you love someone, but it goes to waste Could it be worse? Lights will guide you home And ignite your bones And I will try to fix you And high up above or down below When you're too in love to let it go But if you never try you'll never know Just what you're worth Lights will guide you home And ignite your bones And I will try to fix you Tears stream down on your face When you lose something you cannot replace Tears stream down on your face And me. Tears stream down on your face I promise you I will learn from my mistakes Tears stream down on your face And I... Lights will guide you home And ignite your bones And I will try to fix you The Fray How To Save A Life" Step one you say we need to talk He walks you say sit down it's just a talk He smiles politely back at you You stare politely right on through

Some sort of window to your right As he goes left and you stay right Between the lines of fear and blame And you begin to wonder why you came Where

did I go wrong, I lost a friend Somewhere along in the bitterness And I would have stayed up with you all night Had I known how to save a life Let him know that you know best Cause after all you do know best Try to slip past his defense Without granting innocence Lay down a list of what is wrong The things you've told him all along And pray to God, he hears you And pray to God, he hears you Where did I go wrong, I lost a friend somewhere along in the bitterness And I would have stayed up with you all night Had I known how to save a life As he begins to raise his voice You lower yours and grant him one last choice Drive until you lose the road Or break with the ones you've followed He will do one of two things He will admit to everything Or he'll say he's just not the same And you begin to wonder why you came Where did I go wrong, I lost a friend Somewhere along in the bitterness.

And I would have stayed up with you all night Had I known how to save a life Where did I go wrong, I lost a friend somewhere along in the bitterness And I would have stayed up with you all night Had I known how to save a life When I'm hyper or energetic..
