

Admission letter to the qatar university

[Education](#)

The social skills will come in handy in my efforts to form new friendships in the UK. My other skills include effective communication skills and ability to work in a team. These skills will be imperative in my interactions with other students from diverse backgrounds. Coupled with my exceptional academic skills, I believe these skills will be key assets in my positive achievements in my studies.

Sports as a discipline is highly regarded in the UK. In this regard, the UK is the best place for me to continue with my Sports Science course. As an admission prerequisite, I have attached my academic transcripts from Qatar University and my letters of recommendations. I am grateful for your time and consideration and look forward to positive feedback.

Sincerely
