Once upon a time there was a man who liked hunting very much. He often went to the forest to hunt any animal he met. One day he went hunting into the forest. He intended to shoot any animal he saw. He brought his gun with him. When he was searching for his prey, suddenly he saw a bird perching on a branch of a tree. It was a dove. When he was aiming his gun at the dove, suddenly an ant came and bit his foot. He was so startled that he didn't shoot the dove. It was safe and then flew away. Several days later, the dove was flying over a lake. He saw an ant floating on the surface of the water. It was the ant that had saved the dove's life from the hunter. The ant was almost drowned. The dove got an idea, he picked up a big leaf and dropped it onto the surface of the water near the ant. Luckily the ant could get on the leaf. The ant tried to bring the leaf to the edge of the lake and landed on the ground. The ant was safe because the dove helped him. Moral: A friend in need is a friend indeed.
