Disregarding Ryan Tannehill, Kenyan Drake is arguably, the player most Miami Dolphins' fans would bet on to put forward a game-changing performance. This fella only joined the National Football League in 2016 but has already hinted at his intent to establish himself as a nightmare to opponents.

The American footballer wasted no time in proving himself as a fine running back and kick returner to hold on to. He cleared every doubt preceding the move to replace him with Jay Ajayi who was traded to the Philadelphia Eagles in 2017.

Irrespective of the fact that his college career with Alabama Crimson Tide of the University of Alabama was very fulfilling, it was thought that his deeds with the college team aren't enough justification for him to inherit the starting running back spot of The Fins. To most people, he was not just ready for the task. As such, it was quite a relief when the decision makers of The Dolphins announced Drake as the second running back and Damien Williams, the first.

But then, Williams would soon be injured, leaving the team with little option but to name Kenyan Drake the starting running back. They did and have not regretted the decision. If anything, many have come to believe he's doing a good job helping The Dolphins kick asses, better than Damien and Jay. This was pretty obvious in the 35 – 9 victory the team recorded over Denver Broncos and the 27 – 20 upset of the New England Patriots that followed.

While Kenyan pulled-off a touchdown and 120 yards in the 13th week of the 2017 season that saw the trashing of the Broncos, he facilitated the triumph over the Patriots with 193 yards the following week. It was without a doubt his breakout season as accumulated three touchdowns and rushed for 644 yards

His recruit ratings were fine so the universities came calling.

Mr. Drake settled for the University of Alabama and blazed for the Alabama Crimson Tide from 2012 through to 2015. His freshman season had him secure 5 touchdowns in 12 games wherein he rushed for 281 yards. That year, he became a BCS national champion. He improved his game as a
