

Essay on entrepreneurial plan (business plan)

[Business](#), [Entrepreneurship](#)

ACKNOWLEDGEMENTS The researchers would like to express their deepest gratitude appreciation to the people who helped, participated and inspired the researchers for making our business plan a success. First of all the researchers would like to thank God for giving us patience, strength, knowledge, and guiding us through accomplishment of this business plan. We also heartily give thanks to our beloved parents for giving us lots of understanding, guidance, and moral support and for financial help in the preparation of this business plan. The researchers would like to thanks for the following people in the making this possible.

To Professor Cherry D. Comia, our chairperson in EVSAP and our head adviser, for giving us guidance and support. To our panelist for giving guidance, advice and encouragement for making this business plan possible. To the students and to our dearest friends who are always there to motivate us, support us and understanding in making this plan. Thank you and God bless.
