

Global military electro-optic infrared systems market review

[Government](#), [Military](#)

E/IR mission are classified into two categories: extended fully imaged targets and point targets. Analysts forecast the Global Military Electro Optical Infrared Systems market to grow at a CAGR of 6.01 percent over the period 2013-2018. Covered in this Report This report covers the present scenario and the growth prospects of the Global Military Electro Optical Infrared Systems market during the period 2014-2018. The report considers 2013 as the base year and provides data for the trailing 12 months.

To calculate the market size, it considers the annual revenue generated from the sale of E/IR systems to the military for its ground, naval, airborne, and VA platforms. The report also presents the vendor landscape of the market and a corresponding detailed analysis of the top four market vendors in 2013.. The Global Military Electro Optical Infrared Systems Market 2014-2018, has been prepared based on an in-depth market analysis with Inputs from Industry experts.

The report covers the Americas, ND the MEME and OPAC regions; It also covers the Global Military Electro Optical Infrared Systems market landscape and its growth prospects in the coming years. The report also includes a discussion of the key vendors operating in this market. Complete Report is Available @ <http://www.Scandalmonger's.Org/global-military-electro-optic-infrared-systems-market-2014-2018.HTML> Key Regions Americas MEME OPAC Key Vendors BAE Systems Raytheon Co.
