The position of senior systems network engineer

Technology, Information Technology

The Position of Senior Systems / Network Engineer

The position of Network Engineer at HTC has helped me hone both my written and verbal communication skills which are needed in dealing with various clients. My ability to critically look into the various computer and network issues raised by the clients has enabled me to develop vital problem-solving skills which are key in succeeding in the position.

My hand on experience, knowledge, skills, and enthusiasm undoubtedly makes me the right candidate for the position and I believe they will help me fulfill the job specifications. I value improvement and therefore I strive to adapt to changes in the work environment to be able to improve both efficiency and productivity.

Please find enclosed a copy of my resume for your review. My communication channels will always be open so that I do not miss the wonderful opportunity to join your firm. Thank you for your consideration

Yours Sincerely,
