

# Ten year plan

Literature, Russian Literature

TEN YEAR PLAN Affiliation TEN YEAR PLAN Spring As I am winding up with my study at campus level, I will ensure even more effort is put in my studies and furthermore work on developing excellent skills added to which I already have, and that I may need in my job seeking process and the job itself.

Consequently, I will also work on:-

- Attending more professional speaker events in order to broaden my perspective in the field of economics in relation to the banking sector.
- Further develop my leadership skills including management of time, organization, and delegation of duties through gaining leadership positions in the various campus clubs.
- Ensure an enrollment to an internship program in any relevant field preferably in the banking sector.

After Graduating (1-2 years)

I look forward to participating in pre-employment graduate training programs. In addition, I hope to build professional networks through a possible admission into a retail banking sector. I would also hope to participate in volunteer jobs in my scope of the study.

3-5 years later

Acquire a certificate in proficiency programs such as Chartered Financial Analyst (CFA)

Secure a position in any investment banking company and thus be able to get the opportunity to network with senior management in the firm.

5-10 years

I hope to have risen to a top level in my organization probably as a manager and also seek to have completed my MBA program of choice.
