Personal Statement

Undoubtedly, building and developing a career is immensely exciting, as well as a challenging step in life, but is worthy since it builds and sets a base leading to a successful career. It is my believe that, admitted in your institution to peruse International management & Banking and Finance is a grand opportunity to nurture and develop my dream of working in an international corporation. Munich Business School, has been my choice for a long time, and therefore, will be my best institution to undertake International Management & banking and Finance. Together, with my work experience, personal attributes, goals, talents, as well as skills, Munich Business School will develop my potentiality, as well as taking my capabilities to a higher level.

My ultimate desire is to be part of school success. Perhaps your business school offers the best learning environment, driven by quality education and values. As part of my learning and career development, I have gained experience both practically and theoretically. I had an opportunity to work for three weeks at Deutsche Bank; herein, I had an extraordinary chance to with the best personalities, where appreciation, and more so working as a team was the order of the day. Generally, the experience was the best opportunity to learn various banking skills. Additionally, I worked at F. X. Mayr GmbH & Co KG for two weeks. The company dealt with property managing, which prepared me in various management skills, and proper handling of customers.

Most of my successes in life are attributed to my personal characters. Having researched about Munich Business School, my personal attributes go hand in

hand with your requirements. Additionally, the courses offered in International Management & Banking and Finance is the best for my ambition of working in an international corporation. With global reputation, Munich Business School will provide the best opportunity to work in, and travel to different countries.

Apart from undertaking my education in your institutions, I am talented in various fields. Sincerely, I believe in growing both educationally, physically, socially and psychologically at Munich Business School. I have diversified my skills by participating in various extra-curriculum activities. I was part of a football team, whereby I played a significant role in making our team win various awards. In fact, I am ready to join Munich Business School football team, and be part of the winning team. Additionally, I was responsible for organizing a charity occasion that raised a lot of money, which in turn helped many needy people in society. Furthermore, I participated in complimentary math tuition. The math tuition gave me a lot of skills in solving and analyzing quantitative information using various techniques. I am confident that Munich Business School is fully a matching set to my values, skills, qualification, and a pillar to my plans. My ultimate plan is to be part of the best multinational corporations in the world; a plan that to my belief, can only be achieved by undertaking International Management & Banking and Finance course in your institution. Conversely, I would like to travel to various parts of the globe either in management or banking companies. Considerably, Munich Business School is an avenue to learn more on diversity. Being busy is my hobby and interest; hence, I would play

various sports in my spare time. Apart from football, cycling and Squash are my best sports.

Admittedly, I have always admired learning in Munich Business School. I believe beyond my doubt that given a chance to your institution, I will be a discipline student, driven by my desires, and adhering to institutions regulation and rules. I am honest, humble, hardworking, self-driven, and organized. I suppose I will be a conscientious International Management & Banking and Finance student. I am anxiously waiting to be part of Munich Business School.
