The article titled (Vivienne Westwood claims being vegetarian can cure the disabled: People in wheelchairs have recovered from this diet) has been authored by Jenn Selby and in this article the author cites that Dame Vivienne Westwood has made a claim that if individuals suffering from physical disabilities adopt a diet comprising more of vegetables, they can cure their disability (Selby, 2014). The author states that the fashion designer claims that she is a living example of a person who has been able to cure physical issues such as rheumatism in her hand fingers by adopting a vegetarian diet. The author further states that there are groups that are against her claims and they believe that there is lack of evidence backed up with science to prove that her claims are correct.

Mulvagh, J. (1998). *Vivienne Westwood: An unfashionable life*. London: HarperCollins.
