

Why new zealand?

**ASSIGN
BUSTER**

New Zealand is rated as one of the best places to study, work and live. The innate support for high tech industries, ICT (Information and Communication Technologies) thrive under the ecosystem as setup by the government. New Zealand also comes with a great ecosystem for the tourism and adventure sports industries. The country boasts of having some of the finest culinary masters, hospitality experts and extreme sports adrenaline junkies.

Whether you are looking for a job as a fresher or as an experienced professional (with the required accreditation), New Zealand provides a plethora of options.

New Zealand is one of the safest countries to explore yourself with a diverse international population that is a part of a very vibrant multi-cultural society. You can review an archive of student experiences in New Zealand over here, on the New Zealand Government website,

One of the most important aspects of becoming an international student, is the " Student Experience". As a part of our education system, Indian students are generally expected to forgo most extra-curricular activities and vacations in the pursuit of staying ahead. However, in New Zealand, as a part of your student experience, you will be encouraged to participate in local events, take part in cultural sports activities like Rugby, go on a break to some of the most serene beaches in the entire world. Who doesn't want to go surfing while getting their Masters done right?

How to select the right University in New Zealand?

Here's a list of the best ranked universities –

<https://assignbuster.com/why-new-zealand/>

1. University of Auckland: This is New Zealand's largest and most comprehensive university with 40, 000 + students, researchers and faculty.
