Characteristics of good and efficient leader. As a leader that is the type of responsibilities that not easy to handle. In the society a person having potential, confident determination enough knowledge to take the responsibility as a leader. Now i am going to explain for what i research and learn about leader with my references. The obligation duties and responsibilities as being leader. Whether in private or public activities in individual. A good leader knows when to lead and when to follow. a leader when chosen the peoples who chose is expecting that the person the have is can accomplish the tasks and duties as stated on him or her being a leader is not only served for a man to manage and handle whoever women can be a leader also. Like the history of a women leader in the Philippines that included to this portion. Anticipate

As a leader, is the One of the extraordinary characteristics by individuals admitting his/ her weaknesses and failure such of that leader said by each leader the characteristics reveal respective leader's readiness to believe in high standard accomplishment of mission achievement success and activity,

improvement that earns him/her praise, appreciation and approbation or support in the future from all walks of his or her life.

Visionary

they develop and deploy new products quickly and can fast without all the process that A leader is a type of person that has a good brain and dare to ask question and straight forward the most important trait of a leader is they are vision that they can take a team and bring them up with the leader knowledge in the society. Furthermore, a leader visionary believes that really can manage a team or organization and to organised peoples very well. You can see the differences how leader can be perform as well. You can see around the world in leadership organization. A person or a type of peoples having a high ability. a leader can improve organization it because of a good way they did and how he or she handles it . leader is a lot of characteristics, can be in business organization or political organization can be a private or public. However, why peoples need a leader? How important to have a leader to every peoples. To handle this kind of responsibility not everyone can do it. Leader is a big achievement in life. But why you cannot see a leader without knowledge. The qualification to be a leader is high mostly of the qualified leader is, lawyer political sciences journalist a degree holder person and having enough knowledge inexperience so that can be a leader because they are going to give hope and guide peoples who believe to them as they are leader. As a good example, they are good and successful. Because of they are good-minded people However, they are efficient because found at they called in at largest company thinking about it could or should be different.

Confident

As a leader, you can see how strong confidences they have. The he or she believe that taking responsibility to handle peoples or a companies in organization they still can be a confident to bring up specially in business production. Anywhere in the world leader have a lot of commitment. However, sometimes depend on you how you improve yourself in this society. In order to lead and set direction as a leader such a person inspires confident in others and draws out the trust and draws the best effort for they are team and to do become a best for the achievement to complete the task well. A for a leader who convey confident toward the propose objective inspired and best effort given by the best team leader. Having a confidence for a leader is the type of very powerful things, that leader needs, can be able to fulfil the set targets.

Self-Ideas

A leader must have self-ideas and to improve the organization plan by they own. This is how the organization can be developed because of good ideas by the team leader or either small or big companies. They believe that from the ideas they did will bring the business in good result.

Quick thinking and decision-making

Leader capability is to think fast and be a good in decision-making. Quick thinking referred to organization improvement to think and plan fast to carry out and bring up the business or in leadership in organization. This how

leader can become a successful in the future. What is making decision mean as a leader for making decision? Need to analysed in every decision you

By the leader. As leader, Knowledge of the field in which a person who have working like essential can become a successful leader. In the society a leader should be able to motivate, they are people or employees around him effectively, that is a most duties and responsibility as leader. To be done the most important motivation for the progress and improvement by him or her with the sincerity this can be through a good communication.

Discipline

Why in leadership career or apply to leader characteristics how important to discipline for individual leader? Because discipline reffer to the performance and good examples of a role model leader. Why time is they are dedicated consider as good to every hardworking leader. So for those leaders. Are loyal and dedicated person especially to work and handle responsibility. This how they can show that he or she is can be a good leader or role model in organization.

Risk taking

A leader duties and responsibility to get the aim that they wanted to be. To shown and prove that he or she is deserving as a leader. By leading and teaching peoples guide and shared knowledge towards to better development. To be spruce person to give moral spiritual support to peoples. But the risk is also fallowing for every wrong step they given or instruction that can cause of organization

Communication skills

As a leader why communication must be priority and in organization don't want to have or encounter miscommunication problem and the the leader is very particular in communication system in any institution. The benefit of effective communication is a serious thing to shared understanding among team members. Be a good leader and experience to manage organization has the ability to listen, observe, question, analyze, evaluate, and process information before speaking. However, the leader will not letting him or her reputation to be down as in charge when a leader does speak, they should be certain that they are completely understood. To fallow the instructions by communication by the ordered mission by the leader. If they did a good job in the process of communication, the can have more ideas to build and improve themselves in that way being confusion will be limited in individuals

Self-motivation

Referred to individual leader who has self-motivated that person will set a good example for their team. They can give many ideas for the development of organization that he or she had handle. When balanced with the rest of the good leader characteristics, you can how its works a self-motivated leader is always coordinating and shown how to motivated themselves so this is how they can have and go thru a good result and achievement he or she will be respected by their subordinates and it will be easier for such a leader to motivate their staff. Because this is how they want, be. Even do for a leader especially having a lot experience in business or staying long time in the leading life. They are career is comes to first priority. A person like

them is always putting they are effort and mind in they professions he or she is dedicated as being leader. In they are mind is always thinking a lot of positive way to development and not only for themselves but also to the peoples who believe to them and chose them as a leader.

Conclusion

As individual leader the responsibility that they carry is not that easy but why still leader are important in one organization or any types of society. What is the value of being leader? And how they can. They believe that a leader is the heart of operation in organization to improve the development project or activities. This is how the leader does his or her responsibility in organization system.

Senate, 1st term (1998-2004)

Senator loren bautista legarda After becoming urged by the Philippine President Fidel V. Ramos, during Ramosadministration in 1998. Legarda ran for the Senate in 1998 under the Lakas-NUCD-UMDP Party.[1] And she was elected and chosen with more than 15 million votes of, allowing her to be the highest vote getter in that year's election to serve the country . During her tenure, she played crucial roles in the release of several hostages abducted as a result of the Insurgency in the Philippines. With the coopetation and negotiation by senator legarda. with These include the release from captivity of five military and police officers and personnel (including General Victor Obillo of the Philippine Army) held by the CPP-NPA-NDF in April 1999, of Philippine Army Major Noel Buan in April 2001 from two years of captivity, and fellow journalist Arlene dela Cruz from her Abu Sayyaf abductors in Jolo.

[citation needed]

<https://assignbuster.com/the-characteristics-of-good-efficient-leader-politics-essay/>

During her first six years in the Senate, Legarda authored legislation benefiting women's and children's rights, such as the following:

Senator Legarda want to implement the rules for the women security fallow by.

Anti-Domestic Violence Act - seeks to uphold and protect the basic human rights of women and their children.

Senator Legarda want To protect children by abusing Anti-Child Labour law - limits the employment of children as a worst situation in the Philippines for the child labour below 15 years old, restricts the hours of work of working children, expands working children's access to education, social, medical and legal assistance that the government wants to implement the law And to prevent human trafficking

Anti-Trafficking in Persons Act - aims to protect victims of human trafficking.

All this achievement done by a woman Senator Loren Bautista Legarda to shown the wonderful kindness and concern not only for the Filipino peoples and also to foreign country that Philippines has a good and quality leaders.

Conclusion

A quality and success of the individual leader is a very valuable achievement that he or she have done for the organization or country that they severed a showing a good example and quality characters by as a leader aside for the other important thing a discipline and self motivation will bring the leader up

to become a successful leader. Centralization order and initiative that have.
As a leader, they have a lot of duties and responsibilities to shoulder.
