BUSTER**

Respect is very essential to each of us and it is one of the admirable attitudes that a person always wants to earn. Anyway, everyone deserves to be respected and all of us must respect each other. However, not all people in the world know how to respect other people as well. There are so many disrespectful people that were not taught not taught how to be kind to others. So, if that's the case, it is much better if they read more quotes about respect. And these disrespectful people would surely appreciate the real meaning of the word respect.

Actually, you can read so many quotes about respect from the different sources like books, bible and from the different internet sites. Well, I have in here a list of some interesting quotes about respect. So to start, I have here a quote from Jarod Kintz “ Respect doesn't have to be shiny. ‘ It just needs to be wearable. Would you be so kind as to hold my jockstrap while I stir your hot coffee? ” Then I also have in here very famous quotes about respect from Confucius. “ Respect yourself and others will respect you. Next we also have another inspiring quote about respect by Fyodor Dostoyevsky “ If you want to be respected by others, the great thing is to respect yourself. Only by that, only by self- respect will you compel others to respect you. ” We also have a heartfelt touching quote by Mahabharata “ Should even one's enemy arrive at the doorstep, he should be attended upon with respect. A tree does not withdraw its cooling shade even from the one who has come to cut it. ” Then lastly, we have a quote from Laurence Sterne, “ Respect for ourselves guides our morals; respect for others guides our manners. Always put these quotes in mind because these quotes are very important for us because it serves as a guide in making us a better person. It is such a nice thing if a

person is respectful; a lot of people will look up to those respectful people. It is not hard to respect other people because all you need to do is to be sensitive to other people's feelings and to know your limitations. Meanwhile, for those people who are not respectful, well, they might just learn their lessons soon and will realize that a person who is rude could not make a person happy and contented.
