My Favorite Restaurant Every year for my birthday we go out as a family to my favorite restaurant, Benihana! For those of you that are ready to have a good time with family or friends this place is definitely the place to go, but it is best to book a reservation ahead of time it isn't a secret to society. Benihana is an all-time favorite restaurant of mine, with great location, unforgettable entertainment and an excellent menu choice. Benihana is an all-time favorite restaurant of mine because it is located in the heart of downtown, in the midst of all the city lights and city life.

When we go to Benihana we park around the block and get a horse & carriage to take us to the door. Parking is free the carriage is extra. This is an excellent idea for any special occasion or just a date night on the town. The location is convenient to any of the major freeways (I-45, I-10 and 59). Aside from the location, Benihana is an excellent place to go for a fun filled night of entertainment. I can assure anyone that after an experience at the original Benihana it will be easy to see why I am declaring it to be my favorite restaurant.

Benihana has unforgettable entertainment from the moment you walk in. Walking into the restaurant the guest will be greeted by the amazing aroma of some of the best food, laughter and fun for all! The server will take drink orders from each guest and when they come to bring the drink orders, the fun decorated souvenir glass starts out as a unique conversational piece, as the cook prepares the table for even more unforgettable entertainment. At Benihana the food is not only cooked it's choreographed.

The chefs will have you craving for more as they slice and dice and chop your meal before your eyes, very skilled and trained, in the art of

entertainment or “eater-tainment” as they call it themselves. Each table’s personal chef will perform a uniquely amazing presentation as they cook each guest personal favorites. Everything is cooked right in front of the guest on a Japanese style on a hibachi table. The best entertainment is the entertainment your taste buds get from the outstanding menu.

The menu has anything from sushi to steak. Everything is fresh no frozen, no canned, no additives! Each guest will be brought a hot towel to clean their hands. Then served a hot onion soup, as well a huge favorite to many; the salad with the Benihana dressing over the top! You can use chop sticks or the regular silver ware, it’s fun to learn how to use chop sticks, and in case you may not know how to use them, the server will be glad to give quick, fun lessons!

One of my personal favorite items from the menu is the “Sea and Meadow” or better known as steak and shrimp, is served to perfection with veggies, fried rice and sauteed bean sprouts over extra more shrimp. Anything from the menu is to die for and all ranges in price from \$10.75-19.95 not bad for steak, chicken, and shrimp, or lobster and scallops. Don’t forget to order dessert from the menu, maybe a tempura banana or rainbow sherbet. After dessert the guest have had the most memorable night in a while entertained and full to the brim.

For those looking for a new favorite restaurant I would recommend Benihana or even if you are just looking for something outside the norm, or maybe a special someone is having a birthday or anniversary, this is definitely a restaurant that will leave the guest wanting to come back time and time again. Benihana is conveniently located in the heart of downtown, it’s full of

surprises, and extreme diner entertainment and everything on the menu is delicious and healthy! Book your reservations and enjoy the experience that will leave a lasting memory and bring home some uniquely designed souvenir cups.
