ARPANET Which of the following oversees research for the internet? World

Wide Web Consortium Which of the following is a business that provides individuals and companies with access to the internet for free or for a fee?

A. access provider

B. service provider

C. host provider

D. email provider A. Access Provider Which of the following consists of a

worldwide collection of electronic documents?

A. blogworld

B. web

C. internet

D. both b and c B. web Which of the following is application software that allows users to access and view webpages?

A. reader

B. browser

C. host

D. server B. browser Who is the creator of the World Wide Web?

A. Steve Wozniak

B. Steve Jobs

C. Bill Gates

D. Tim Berners - Lee D. Tim Berners - Lee Which of the following is a small version of a larger graphic on a webpage?

A. key frame

B. thumbnail

C. applet

D. extraction
B. thumbnail
Which of the following includes music, speech, or any other sound?

A. audio

B. violating

C. video

D. digeo
A. audio
Which of the following is the code of acceptable behaviors users should follow while on the internet, that is, it is the conduct expected of the individuals while online?

A. netiquette

B. web politesse

C. internet behavior

D. web civility
A. netiquette
What is the term for characters, such as (: or :(, used to express emotion in an email message or newsgroup article?

A. spam

B. FAQs

C. emoticons

D. flames
C. emoticons
