

# A trip to tokyo

**ASSIGN  
BUSTER**

Insert A Trip to Tokyo Tour traveling is not an activity one performs on a daily basis. It has been an affair to ponder for long considering cases of planning for travels. Tokyo is a country in the middle-east with dedicated cultural setup making it the most unique and a must go destination. The nation boasts of peace, booming the economy and a world-class infrastructure. Whatever the core objective of the trip, Tokyo is poised to receive, serve and satisfy a visitor.

Tokyo's attraction sites fill up every corner of the nation. Sensoji is a temple for temple lovers with the largest and the most visited attractive outfit.

Regardless of spiritual and religious affiliations, the temple is an epic site to destine. Ever seen a lantern made of paper! Tokyo is the only destination on earth which offers one the chance to have a look and adore the ambience and glittering lights right across the Sensoji Temple (Ooi 1).

Eateries, restaurants and other rest places for relaxation are present in the capital of Tokyo. Top on one list to be a must indulge in the trip to Tokyo is the Tsukiji fish market. At the spot, one will find large fish sizes. It is rated the biggest wholesale supply of fish and seafood worldwide. Note that white meat is a health recommendation but remember, Tsukiji, Tokyo's fish and fish market are indulgence spots of a lifetime. In addition, entertainment is found in the red-light part of the city. It is full of clubs with ample spaces, artistic themes and peaceful air to spend quite time during dinner while indulging in the Japanese kitchen collection (Ooi 1). One can literary call it the sleepless city. On the other hand, Roppongi provides the best bar services and comes as an option to entertainment in the city.

Travelling with kids to some destinations can be tricky and a boring pilgrim in the kids perspectives. Rest and relax because that is solved in your trip to

Tokyo. Tokyo Disneyland is the heaven kids will never forget and will always be thankful to their parents. It is an 115-acre land with a piece of art mind-blowing and well designed with the myths and legends of the world.

For technology lovers, electronics and electrical appliances, visit Akihabara. Both personal single purchases and wholesale purchases are available on the town spot. The prices are out of this world because it accommodates and friendly to the pocket of the nation's citizens and its visitors. Taking a stroll down the Tuskuru Avenue is an experience that is heartwarming, joy springing and stress reliever. It has the best air circulation from natural plant garden and sections where motor are not allowed to enter and pollute the place (Ooi 1).

If one is planning to tour Japan, Tokyo should be their priority one. Whereas trip planning is a competitive analysis, do not look further than Tokyo. Take the step visit the city, enjoy and live to tell all the goodies it offers. Tokyo is a tourist avenue, pampered and designed with breathtaking epic scenes. For product and service cautious consumers, Tokyo will fit the bill. Education is a value held dearly by the Japanese and kept the city a brace with modern well equipped and affordable education institution of one's choosing.
