

My my house does  
never remain either

**ASSIGN  
BUSTER**

My meter No. \_\_\_\_\_ Consumer No.

\_\_\_\_\_ Dear Sir, I regret to inform you that your department raises electricity bills time to time mentioning therein fabricated amount without showing any meter reading. You will please appreciate that the amount mentioned in the bills without meter reading cannot be correct pertaining to the months in which the electricity has been consumed. I am surprised to receive your electricity bill for \_\_\_\_\_ (Amount) for the month of \_\_\_\_\_ which is a very high figure. Please be informed that my house does never remain either locked or unmanned in any month and accordingly your departmental personnel cannot return without taking meter reading, It is, therefore, requested that your departmental personnel take the meter reading regularly every month so that the electricity bills are prepared correctly in future on the basis of the actual reading of the meter. Thanking you, Yours faithfully,(Your Name)
