PIA has agreed to work closely with Pakistan International Airline (PIA) administration for reviving the national standard establishment. PIA pilots remain the strength of any transporter and are the key in airline tasks. PIA individuals are ready to work closely through PALPA and this visit is the first step in this direction. PIA will not be transferred but the establishment of the airline and its overall structure will change.

PIA will become a holding company. Strategic planning to build and investors will be requested to manage these companies to handling improvement of the progress to get his business of favor of the establishment. Core function of the airline flight operations will remain with PIA holding corporation. PIA is developing its office and booth at the airport. Administration of PIA with its renewal become organized for Pakistan International Airlines Corporation (PIAC) requirements a extremely qualified, experienced and lively skilled to be enlisted on contract premise as full-time Chairman/Chief Executive of the Corporation, having Pakistani Nationality.

The primary motivation behind the activity is to change PIA from a misfortune making element into a profoundly effective carrier. In that capacity, the test for the occupant is create and lead a noteworthy Change Management Program which tends to PIA's cash linked, working and social re-stimulation with directing and pushing its kin to convey their best execution, as one group, having a shared objective of restoring PIA's brilliant past. To accomplish the above target we are researching for a prepared proficient and an accomplished campaigner having.

The vision and administration aptitudes to deal with an extensive Commercial Organization working globally • More than 25 years of experience of working with

extensive associations in senior positions • Experience of no less than 15 years as Director in the Boards of MNCs/Public Sector organizations

- Experience of functioning as Chairman of the Boards of no less than one extensive association and guided/taught other Board individuals on Corporate Governance.

- As Executive Director he more likely than not had a dynamic influence in authoritative change. • Ability and relational abilities to lead the group of exceedingly experienced and proficient staff of the Corporation PIA would enhance network (through codesharing) with different carriers. PIA the national transporter for long aweight on Pakistan's financial operations would assume a noteworthy part in deciding the accomplishment of the new Islamabad air terminal. It has been observed that air stations and airplanes are established one next to the other.

PIA would remain the key carrier for Islamabad, they would stay just a fatal goal for isolated airplanes.
