Winnie Madela and Her Impact to the Role of Women in World History: An Annotated Bibliography Harrison, Nancy. Winnie Mandela. Bromberg, 1987. Print.

The book is considered as an important reference in the study of the life not only of Nelson Mandela who is a world renowned leader but also of Winnie Mandela, his partner, based on different points. One point considered is the presentation of the account of a leader and the history of the South America through a different perspective which is that of the wife of a leader. It is another angle of a familiar history everyone knows about Mandela. This book recognizes the strength and dignity exhibited by the wife of Nelson Mandela even through the different hardships experienced such as being imprisoned. In addition the accounts of her points of view and quotations showed dedication to her country, family and belief. This perspective is important in the study as an exhibit of her impact in uplifting the role of the women in history.

Smith, Charlene. Mandela. Struik Publishers, 1999. Print.

In this book, the main focus is the life of Nelson Mandela. Winnie Mandela is presented as the woman who always stood by her husband. This is important in the study of Winnie Mandela as a woman in world history since it gives another perspective to the role of the female gender in the society, specifically that of the counterpart of a great leader. Here the influence and contribution of a woman as a wife can be analyzed specifically since Winnie Mandela is also politically and socially active.

du Preez Bezdrob, Anné Mariè. Winnie Mandela: A Life. Zebra, 2004. Print.

This particular book is an additional reference important in the in-depth exploration of the life of Winnie Mandela. Although there are numerous
