*Reflection

It is difficult to conceive of observing Christmas in the modern universe without believing about giving gifts. But. have you of all time thought to yourself. “ Why do we give gifts at Christmas? ” In some ways. the tradition of giving gifts at Christmas is a really ancient tradition. In other ways. giving gifts at Christmas is a comparatively new development. every bit good. Gift giving is one of the nucleus facets of the modern Christmas jubilation ; the kernel of the Christmas season.

Planning and carrying out of activity like gift giving is so difficult because immense sum of money or finances are needed to carry through it. So our group plans to carry on a caroling and solicits to each of our barangay functionaries to roll up finances for this charity work.

When we are wrapping the gifts, we feel so aroused and we're believing about what will they experience and state to our gifts for them. And when we are traveling to the Nueva Ecija Home for Girls, we feel so nervous and aroused. But when we see the smilings of the orphans, we feel so really happy and pleased. We feel great and really happy not merely because we give gifts to the orphans in the Home for Girls but besides because we put smilings on their faces and gave felicity. Even though our gifts were not expensive or so particular, each of them appreciate it really much and show their highest gratitude to us. It's so nice to assist others particularly to the orphans.

Every clinch and thank you from them make us call. They truly touched our Black Marias. We can't imagine that in a simple party and simple gifts can do them happy. We feel so happy particularly when we hear a kid said " Ngayon lang ako pecking masaya ng ganito" . Every message that we receive from them like " ate maraming salamat po" . " kuya babalik knockout ha" . And as they hug and kiss us we feel that they truly necessitate more attention and love that's why we decided that every Christmas we are traveling to see them and convey some smiling on their faces. This alone proves that " It's better to give, than to have. "
