UNIVERSITY OF IBADAN - AN INTRODUCTION The University of Ibadan was

founded in 1948 as a College of London University, with 104 students spread among three Faculties: Arts, Science and Medicine. It became an autonomous, degree-granting institution in 1962. Today, the University has a total enrolment of about 20, 000 students shared among different faculties - Arts, Science, Basic Medical Sciences, Clinical Sciences, Dentistry, Public Health, Pharmacy, Agriculture and Forestry, the Social Sciences, Education, Veterinary Medicine, Technology, Law as well as an Institute of African Studies, Institute of Education, Africa Regional Centre for Information Science, Institute of Advance Medical Research and Training, Centre for Literacy Training and Development in Africa and the Centre for Peace and Conflict Studies. About 40% of the enrolment is postgraduate students. The University of Ibadan was ranked by the National Universities Commission as the Overall Number 1 in its 2004 Ranking of Nigerian Universities. Ibadan was also ranked No 1 in Dentistry, No 1 in Medicine/Health Sciences; No 1 in Pharmacy, No 1 in the Sciences, No 1 in Veterinary Medicine; No 2 in the Social Sciences, and No 3 among Research Universities. Moreover, Ibadan was ranked No 1 in PhD Graduate Output. Recent Global ranking of Universities places Ibadan the 493rd in the world and 4th in Africa. We are still moving on. Postgraduate programmes at Ibadan have been so successful for a variety of reasons. These include: 1. Financial autonomy The funds realised from postgraduate students at the University of Ibadan are ploughed back to service postgraduate training and research by allocating the greater percentage of such fees into the academic departments and the Postgraduate School. In order to encourage postgraduate students endowed with outstanding research potentials to undertake full-time research leading

to a PhD of the University of Ibadan, the Postgraduate School has established two schemes, namely: (a) The University of Ibadan Postgraduate School Scholarship Scheme (b) The University of Ibadan Postgraduate School Teaching and Research Assistantship Scheme Funding Support to Academic Units for the Publication of Learned Journals No less than 15 academic journals are supported annually Maintenance of an active academic environment through the Interdisciplinary Research Discourse Series A comprehensive review of the regulations governing higher degrees After extensive discussions and deliberations by various sub and Ad-Hoc Committees of the Curriculum Committee, Executive Committee and the Board of the Postgraduate School, Senate approved “ The 2004 Regulations Governing Higher Degrees" in the University of Ibadan (ISBN 978-37883-0-2). The entire postgraduate curriculum is now 4 2. 3. 4. 5. being reviewed and revamped taking into cognisance recent trends and developments in the respective disciplines. 6. Workshops on Aspects of Research Methodologies are organized on a regular basis for postgraduate students and teachers viz:

- Grant making - Conceptual frameworks in Research - Use of Statistics and ICT - Writing a PhD thesis - Writing academic papers - Development of a unique University of Ibadan Manual of Style (UIMS) - Ethics in Research

Research publications. Conference Grants for Postgraduate Teachers. This scheme is to enable postgraduate teachers attend and present their research findings at local and international conferences. Since the introduction of the local and international conference grant in 2000 and 2005, respectively, no less than 105 postgraduate teachers benefit each session. ICT Support to all the academic units (Departments, Faculties,

Institutes, Centres and the College of Medicine) to aid in teaching, research and publications. 7. 8. 9. The University has three postgraduate halls of residence with the capacity of 2, 800 bed spaces. These halls lie within walking distance of the University Library. The University houses an Arts Theatre and a resident performing company which, all the year round, produce a wide variety of plays generally available in the town (with a population of over two million people, the largest in black Africa). Many other cultural activities take place regularly. Sports are also well catered for. The sports complex has soccer, hockey, cricket, basketball, volleyball pitches, and a gymnasium. Courts are provided for tennis and squash. There is also an Olympic-size swimming pool. The campus is well-laid out with clear inscriptions on roads and monuments. It is a habitat for several rare and endangered plant species.

AVIS THE INFORMATION CONTAINED HEREIN IS INTENDED AS A GUIDE TO PROSPECTIVE APPLICANTS FOR ADMISSION. CANDIDATES ARE ADVISED UPON ADMISSION TO CONSULT DEPARTMENTAL AND FACULTY BROCHURES AS THEY RELATE TO THEIR RESPECTIVE PROGRAMMES AND COURSES OF STUDY. 5 All correspondences should be addressed to: The Secretary, Postgraduate School, University of Ibadan, Ibadan, Nigeria. Prof. A. O. Olorunnisola Dean

APRIL 2012 1. ADMISSION General Regulations Governing Admission to Higher Degree Programmes (a) Candidates for admission to higher degree programmes shall normally be graduates of the University of Ibadan or other Universities/Institutions recognised by the Senate. Admission shall be made by the Postgraduate School on the recommendation of the appropriate Faculty Postgraduate Committee. Candidates without any previous higher

degrees in the relevant discipline may be admitted only to either the Degree of Master or the Professional Degree of Master. Candidates with recognised Research Higher Degree in the relevant discipline may be admitted to the M. Phil or Ph. D. degree programmes as appropriate, on the recommendation of the appropriate Faculty Postgraduate Committee. Where, in respect of an otherwise eligible candidate with a higher degree, a firm recommendation for admission to the Ph. D. degree programme cannot be made, a Faculty may recommend that a candidate be admitted provisionally to the M. Phil/Ph. D. programme pending an assessment report. Such an assessment shall be made by a panel set up by the Faculty Postgraduate Committee on the recommendation of the student's department and shall take place not later than the end of the first semester of registration. (b) (c) (d) 2. TYPES OF

ADMISSION (i) Full-Time Admission Full-time admission can be offered only to candidates who satisfy the Postgraduate School that they are not in employment, or that they have been released by their employers to undertake full-time studies. 6 Candidates found to have made a false declaration in this regard shall be asked to withdraw from the University. (ii ) Part-Time Admission Candidates may be admitted to part-time registration, if they are on the academic staff of the University or can satisfy the Postgraduate School that facilities for their work as part-time students are adequate. Candidates applying for part-time registration may be asked to show evidence of release by their employers.

Admission as Occasional Students Candidates who satisfy the minimum entry requirements for higher degree programme and are recommended by the Faculty Postgraduate Committee may be admitted as occasional

students, but shall not be awarded a degree of the University of Ibadan. This type of admission is also open to candidates registered for higher degrees of other Universities, recognised by Senate. (iii) 3. APPLICATION FORMS

Requests for application forms into higher degree programmes of the University are normally made between January and April every year. The procedure for obtaining Application Forms is available at [www.postgraduateschool.ui.edu.ng](http://www.postgraduateschool.ui.edu.ng).

Application forms cost N10, 750 for academic programmes and N15, 750 for professional programmes.

**GUIDELINES FOR FILLING APPLICATION FORMS** (a) All application forms must be completed and returned to: The Admissions Officer, Postgraduate School, University of Ibadan, Ibadan, Nigeria. (b) Incomplete information from an applicant may delay or halt action on such application. Applicants are strongly advised to start processing their applications early in order to leave enough room for postal and other delays. A time lag of two to three weeks is usually required for the movement of mail to Nigeria from destinations outside Africa, and vice-versa. 4. (c) 7 (d) Candidates are required to ensure that their referees outside Nigeria forward their reports to the Postgraduate School at least four weeks before the stipulated deadline. The applicant's full name and proposed course of study should appear on every document submitted, and especially on items that may arrive under separate confidential cover. A candidate may apply to only one department or programme. Personal Information Card This card, which is the basis of all records on applications received, must be legible and complete. (e) (f) (g) (h) Acknowledgement of Application Acknowledgement Cards, stamped with the date of receipt, will be posted as soon as the application is opened. In

addition, applicants would be informed electronically (through the e mail addresses provided in the electronically filled Pre-Application form) of progress in the processing of their forms. (i) Letters of Recommendation The Postgraduate School, University of Ibadan, requires three letters of recommendation from faculty members or others well acquainted with the student's academic work. Forms are provided for this purpose along with the main application form. The Postgraduate School expects applicants to return the recommendations by Referees sealed in separate envelopes, with their signatures across respective seals. Such reports could either come along with the main application forms or be mailed directly to the Secretary, Postgraduate School, University of Ibadan before the deadline for the submission of forms. (j) Transcripts/Certificates Official transcripts and photocopy of certificates of all degrees completed are to be mailed by the applicant with the application form. If the Registrar of an applicant's University will provide an official copy to the School directly, applicants must enclose along with the application an unofficial or student's copy of the transcript for temporary reference. To prevent delays, applicants should make adequate arrangements with their Registrars to provide transcripts before the stipulated deadline.

#### 5. ADMISSION CRITERIA

The University of Ibadan does not discriminate on the basis of race, colour, sex, sexual or affectional preference, age, religion, national or ethnic origin, or physically challenged in the admission of students to all rights, privileges, programmes and activities generally accorded or made available to students in the administration of its educational policies and scholarship facilities. Applications are considered on a competitive basis by the Faculty Admissions

Committee which evaluates all available information and selects the best qualified applicants from those whose credentials meet the standards for admission. In every case, decisions are reached through a comparison of the academic merits of all applicants applying in the same field. A bachelor's degree in a broad programme of general education is normally prerequisite for admission but is not sufficient in itself. Foreign applicants are expected to have bachelor's degree with at least a Second Class Upper Division from Universities recognised by the Senate. Since the language of instructions in the University of Ibadan is English, proficiency in reading, writing, speaking and understanding English is required for admission. Applicants who are considered for admission but cannot demonstrate proof of adequate proficiency may be required, to complete a course of instruction in English, prior to or concurrent with the beginning of their respective programmes. Academic records are also examined to determine whether the applicant has established a firm basis for graduate work in the proposed field of study. Letters of recommendation or Referee's Reports are given very serious consideration. When an applicant fails to provide required documents, (transcripts, referees report, etc) his or her admission chances suffer in relation to those whose credentials are complete. Interviews Interviews may be required for some programmes. The Postgraduate School's Admission Office will arrange such interviews in collaboration with the relevant Departments. Policy on Deferred Admission: The Postgraduate School, University of Ibadan, does not entertain deferment of admissions. Any offer of admission not taken up in the particular year it is given, may be considered to have lapsed. The affected candidates may however, reapply in

the following academic year if they are still interested in their respective course of study. Such applications will be considered afresh along with other new forms. No bias would however be introduced. 6. (a) AVAILABLE RESEARCH DEGREE PROGRAMMES Doctor of Philosophy (Ph. D), Master of Philosophy (M. Phil), Master of Public Health (M. P. H.), Degree of Master (M. A., M. Sc., M. Ed, LL. M), These are available in the following Faculties and disciplines: 9 (i) (ii) Arts Islamic Studies; Arabic & Islamic Studies; Archaeology; Anthropology; Classics; English (Literature & Language); History; Communication & Language Arts; Linguistics & African Languages; Nigeria Languages (Yoruba); French Studies, Translation, Comparative Literature, Cultural Studies, European Studies; Philosophy, Religious Studies; and Theatre Arts. Science Archaeology; Anthropology; Botany; Microbiology; Industrial Chemistry; Computer Science; Geography Geology; Mathematics; Physics; Statistics; and Zoology. Chemistry; (Physical); (iii) (a) Medicine Basic Medical Sciences Anatomy; Biochemistry; Chemical Pathology; Haematology; Pharmacology & Therapeutics; Physiology; and Virology. Clinical Sciences Anaesthesia; Nursing; Psychiatry; Paediatrics; Physiotherapy; and Surgery. Community Health, Occupational Health, Obstetrics and Gynaecology. Ophthalmology, Radiotherapy. Dentistry Public Health Biostatistics; Epidemiology and Medical Statistics; Epidemiology; Field Epidemiology; Environmental Health; Human Nutrition; Medical Demography; Health Promotion and Education; Population and Reproductive Health Education, Reproductive and Family Health, Health Policy and Management, Health Services Administration, Institute of Child Health. Pharmacy Pharmaceutics and Industrial Pharmacy; Pharmaceutical Microbiology; Clinical Pharmacy;

Pharmaceutical Chemistry; Pharmacognosy. Education Educational Evaluation (Construction and Validation of Measurement Instrument; Evaluation of Educational Achievement; Public Examinations, Programme Evaluation; Curriculum Evaluation and Psychological Testing) In-Service M. Ed Programmes in Curriculum Development and Educational Evaluation. The programmes will run four semesters. (x) (xi) Veterinary Medicine 11 Veterinary Anatomy; Veterinary Medicine; Tropical Veterinary Medicine; \*Veterinary Microbiology; Veterinary Parasitology; Veterinary Pathology; Veterinary Physiology; Veterinary Pharmacology; Veterinary Surgery, Veterinary Reproduction; Veterinary Public Health & Preventive Medicine (Master of Veterinary Public Health, Master of Preventive Veterinary Medicine, and M. Sc. Epizootiology). MVSc. Veterinary Medicine Option in Avian Medicine Companion Animal Medicine, Fish and Aquatic Medicine and Food Animal Medicine. \* The M. Sc. Veterinary Microbiology runs for two sessions. (xii) Technology \* Agricultural and Environmental Engineering; Wood Products Engineering; Food Technology; \*\* Industrial & Production Engineering; Petroleum Engineering; Civil Engineering; \*\*\*Mechanical Engineering; \*\*\*\*Electrical/ Electronics Engineering. \* Those whose first degrees are NOT in Agricultural Engineering will be required to spend an additional two semesters on the programme. \*\* Those whose first engineering degrees are NOT in Industrial Engineering will be required to spend an additional semester on the programme. \*\*\* M. Sc. Mechanical Engineering is a three semesters full-time or six semesters part-time programme. \*\*\* Ph. D Programme only. (xiii) LAW Master of Law (LL. M) The Programme The LL. M Degree Programme is conducted on an interdepartmental basis. Admission Requirements: Admission is open to any

holder of Bachelor's Degree in Law of University of Ibadan or of other approved Universities recognized by the Senate. In addition to the above requirements, applicants must satisfy the O'Level first degree matriculation requirements of the University of Ibadan i. e. O'Level Credit passes in five subjects at not more than two sittings including merit or credit in English Literature. 12 Candidates may be required to undergo a selection process. They are therefore encouraged to provide their e-mail addresses and telephone numbers to facilitate invitation for the interview. (xiv) Institute of African Studies Anthropology; History; Religion and Belief System; African Music; Dance Studies; Visual Arts; African Law; Peace and Conflict Studies. M. A., M. Phil and Ph. D in Peace and Conflict Studies Programme. The programme is aimed at providing students, drawn from Nigeria, Africa and other parts of the world, with a practical understanding of the issues of peace and conflict in the modern world with particular reference to Africa, based on the perspectives of a range of academic disciplines. The focus of the programme is on how to produce peaceful outcomes from conflict situations. Admission Requirements: Candidates to be admitted for the M. A. Programme shall normally possess at least a good honours degree in, humanities, social sciences, law and other cognate disciplines. Preference shall be given to candidates doing related jobs in Government Parastatals industry and Security Services. In addition to the above requirements, application must satisfy the ' O' Level/First degree matriculation requirements of the University of Ibadan i. e ' O; Level credit passes in five subjects at not more than two sittings including English Language and four other relevant matriculation subjects. Duration: The duration of the Masters

Programme is three semesters for a Full-Time Students. (xv) (a) Other Programmes Doctor of Medicine (M. D.) The degree programme is available in the College of Medicine only on part-time basis. Doctor of Letter (D. Litt.), Doctor of Science (D. Sc.) and Doctor of Laws (LL. D) Centre for Development Programme Tourism Development Postgraduate Diploma 13 (b) (c) (d) Postgraduate Diploma Courses are available in the following Faculties and disciplines. (i) (ii) Arts Science (iii) (iv) Clinical Sciences Education (v) (vi) Institute of Education Pharmacy (vii) Agriculture and Forestry (viii) Veterinary Medicine (ix) (x) Institute of Child Health Obstetrics & Gynaecology Theatre Arts Statistics Postgraduate Diploma in Radiation Protection Anaesthesia, Radiotherapy Full-Time P. G. D. E. Professional Postgraduate Diploma in Teaching in Higher Education (P. G. D. T. H. E.) in the Department of Teacher Education. Postgraduate Diploma in Social Work (Part-Time and FullTime) in the Department of Social Work Part-Time P. G. D. E. Postgraduate Diploma in Drug Analysis in the Department of Pharmaceutical Chemistry. Postgraduate Diploma in Biodiversity Management in the Department of Wildlife and Fisheries Management, Diploma in Agricultural Extension. Veterinary Medicine; Veterinary Radiology; Veterinary Anaesthesiology; all these in the Department of Veterinary Surgery and Reproduction. Professional PGD in Child Health Postgraduate Diploma in Population and Reproductive Health (PGD POP RH). 7. Areas of Specialization Information on areas of specialization in the various Degree programmes will be supplied along with application forms. Read this carefully since transfer of forms will not be entertained. 14 8. Admission Requirements (a) The basic qualification for admission to all postgraduate Courses and Programmes is a first degree of

the University of Ibadan or degree/Higher National Diploma of other recognized Institutions in the relevant discipline. Where qualifications are not strictly in the area of admission, remedial courses, which may lead to additional periods of studentship, may be prescribed. In addition to individual Departmental requirements, applicants must satisfy the ' O ' Level first degree matriculation requirements of the University of Ibadan i. e five ' O'Level credit passes at not more than two sittings including English Language and subject areas for ALL disciplines and Mathematics for ALL Science-based disciplines, Educational Management and Economics and at least a pass in Mathematics for other Social Science Courses OR Holder of NCE must have credit passes in WASC or credit or merit passes in TC II (obtained between 1967 and 1981) in English Language and four other relevant matriculation subjects. Candidates for the degree of M. Phil and Ph. D. are admitted in the first instance to the Degree of Master Programme. However, candidates who, in addition to a good first degree, and already holding acceptable postgraduate degrees, may be considered for direct admission to the M. Phil and Ph. D. Programmes. (b) AVAILABLE

PROFESSIONAL DEGREE PROGRAMMES A. 1. FACULTY OF ARTS

MASTER OF COMMUNICATION ARTS (M. C. A.) (Department of Communication and Language Arts) (i) The Programme This programme consists of courses, taught over three semesters, leading to the degree of Master of Communication Arts (M. C. A.) in the Department of Communication & Language Arts. The following areas of emphasis are offered. Basic Language Arts (Speech, Reading and Writing including Creative and Technical Writing); Mass Communication (Print and Broadcast

Journalism, Advertising and Public Relations); Book Development and Publishing; and Applied Communication (Organisational, Business, Instructional 15 (a) (b) (c) (d) and Development Communication). (ii)

Admission Requirements: Candidates for admission to the programme should hold a minimum of a first degree in any discipline from a recognised University or possess acceptable professional qualifications such as HND or other approved equivalents. Candidates must have acquired a minimum of five years post-qualification working experience, including the National Service year where applicable. Final selection will be based on written examination and oral interview of short-listed candidates. Candidates are therefore encouraged to provide their e-mail addresses and telephone numbers to facilitate invitation for the interview. 2.

MASTER OF PROFESSIONAL ETHICS (M. P. E) (Department of Philosophy) (i)

The Programme: The programme is mainly for decision-makers in various areas of life, for example, Politics, Government, Education, Business, Medicine, Nursing, the News Media and the Military and Para-military services. The duration of the course is a minimum of three semesters for fulltime registration and a minimum of four semesters for part-time registration. Admission Requirements: Prospective students are expected to have a honours degree (minimum of third class) from a recognized University and at least one year work experience. HND holders with a minimum of a Lower Credit and at least two years' work experience are also eligible for admission. In addition, applicants must satisfy the O'level, first-degree matriculation requirements of the University of Ibadan, that is, five O'level credit passes at one sitting and two sittings, including English

Language. (ii) B. 1. (i) FACULTY OF SCIENCE

MASTER OF ECONOMIC BOTANY (M. E. B) (Department of Botany) The

Programme This programme consists of courses, taught over three semesters leading to the Professional Degree of Master of Economic Botany (M. E. B) in the Department of Botany & Microbiology. The following areas of emphases are offered. 16 (a) Medicinal Plants- Scientific approach to the study of plants of proven medicinal values to humans and animals. Modern methods of herbal medicinal preparations and practice. Principles of Melissopalynology - Beekeeping from antiquity to modern times. Production, uses and quality control of honey. Mushroom Production - Substrate preparation, spawning, cropping and economic value of mushrooms. Applied Palynology - Palynology in the petroleum industry. Agribusiness Economics - Agricultural production resource use and allocation. Project cycle, accounting and financial statements. Admission Requirements: Candidates for admission to the programme should hold a good first degree of the University of Ibadan or of other approved/recognised University in the Biological Science, Chemistry, Agriculture, Forestry or other relevant disciplines. Candidates with HND Upper Credit Agriculture, Forestry or Biology with minimum of three years work experience in relevant fields are also eligible for admission. In addition to the above requirements, applicants must satisfy the ' O' level first degree matriculation requirements of the University of Ibadan, i. e. ' O' level credit passes in five subjects at not more than two sittings including English Language, Mathematics, Chemistry and Biology. (b) (c) (d) (e) (ii) 2. (i) MASTER OF ENVIRONMENTAL CHEMISTRY AND POLLUTION CONTROL (M. E. C. P. C) (Department of Chemistry) Admission Requirements:

Candidates eligible for admission into the professional programme of Master of Environmental Chemistry and pollution control (M. E. C. P. C) shall be: (a) Graduates of Chemistry, Industrial Chemistry or other chemical sciences e. g. Applied Chemistry, Biochemistry, Geology, Agronomy, e. t. c of the University of Ibadan or other Universities approved by the senate of the University of Ibadan. In addition, such candidates shall be expected to possess at least two years relevant postgraduation work experience in the public or private sectors. (b) Holders of Higher National Diploma, (HND), or its equivalent in Chemistry, Industrial Chemistry or other Chemical Sciences (e. g. Applied Chemistry, Biochemistry, Geology e. t. c) from higher institutions recognized by the senate of the University of Ibadan. Applicants must have passed at a level not below an upper 17 credit, or its equivalent. In addition, such candidates shall be expected to possess at least three years postgraduate working experience in the public or private sectors. 3.

MASTER OF COMPUTER SYSTEMS (M. C. S) (Department of Computer Science) Admission Requirements: (a) Bachelor's degree in Computer Science (Third Class Honours degree minimum) OR (b) Bachelor's degree (Second Class Lower degree minimum) in Business, Economics, Engineering, Physical Science and their equivalents. IT working experience will be an advantage. OR (c) HND in Computer Science, Electronics and Business or any discipline in Financial Studies with at least Upper Credit and two years IT experience or Lower Credit with at least five years of IT experience. OR (d) Bachelor's degree (Second Class Lower degree minimum) in Biological Sciences, Social Sciences, Humanities and their equivalents with at least two years IT experience. (i) (ii) Duration The M. C. S. programme shall normally

last for a minimum of three semesters and maximum of five semesters for full-time study. 4. DOUBLE MASTER DEGREE PROGRAMME (D. M. C) (Department of Computer Science) Admission Requirements: (a) Bachelor's degree in Computer Science OR (b) Bachelor's degree (Second Class Lower degree minimum) in Business, Economics, Engineering, Physical Science and their equivalents. IT working experience will be an advantage. OR (c) Bachelor's degree (Second Class Lower degree minimum) in Biological Sciences, Social Sciences, Humanities and their equivalents with at least two years IT Experience. 18 h.

PROFESSIONAL DEGREE OF MASTER OF SCIENCE (M. Sc.) IN METEOROLOGY (Department of Physics) i) Admission Requirements: Candidates for the M. Sc.(Met.) degree program must fulfill the requirements of the Postgraduate School of the University and as well as meet the requirement specified below: A first degree in Physics or related discipline (Minimum Second Class Lower) from a recognized University. Postgraduate Diploma in Meteorology from the University of Ibadan or equivalent qualifications. Duration and Mode of Study: Candidates are expected to complete the M. Sc. programme in three (3) semesters full time or five (5) semesters part time minimum.

PROFESSIONAL MASTER OF RADIATION PROTECTION (M. R. P.) (Department of Physics) Admission Requirements: Candidates for the M. R. P. degree program must fulfill the requirements of the Postgraduate School of the University of Ibadan and as well as meet the requirement specified below. A first degree in Physical and Biological Sciences, Computer Science or Engineering from a recognized University. Duration and Mode of study: Candidates are expected to complete the M. Sc. programme in three (3)

semesters full time or five (5) semesters part-time minimum.

#### POSTGRADUATE DIPLOMA IN RADIATION PROTECTION (P. G. D. R. P.)

(Department of Physics) Admission Requirements: Candidates for the PGD must fulfill the requirements of the Postgraduate School of the University of Ibadan and as well as meet the requirement specified below. A first degree in Physical and Biological Sciences, Computer Science or Engineering from a recognized University or HND (Minimum Lower Credit) in Physics with Electronics and Engineering (ii) 5. (i) (ii) 6. (i) 19 (ii) Duration and Mode of Study: Candidates shall register full time. Minimum duration of the PGD programme is two (2) semesters. 7.

PROFESSIONAL MASTERS DEGREE IN FORENSIC SCIENCE (MFS) (Department of Archaeology & Anthropology) Requirement The programme is open to candidates with a minimum of Third Class First Degree in relevant courses in Arts, Social Sciences, Law, Agricultural Sciences, Education, Medicine and sciences of the University of Ibadan or other Universities recognized by the Senate. Candidates with Higher National Diploma (Lower Credit) or equivalent may also apply. Special consideration may be granted to candidates who have demonstrated track record of experience in the practice of Crime Investigation and Mass Disaster Management. Duration The duration of the course shall normally be 3 semesters for Full-Time studies or 5 semesters for Part-Time studies. 8.

#### PROFESSIONAL MASTERS DEGREE IN FINANCIAL MATHEMATICS (MFM)

(Department of Mathematics) The Programme The proposed programme is targeted at people with sufficient mathematical background interest or currently working in the fields of risk management, quantitative analysis,

asset price dynamics. Others are officials of Central Bank, Commercial Banks, Development and Investment Banks, Insurance Official, career officers in Research and Development Departments of these financial institutions involved with pricing and Hedging derivatives, dynamics and modeling of interest rates and stochastic optimization problems in finance. Career officer in Government Ministries, Educational Institutions and parastatals dealing with financial institutions. Admission Requirements: Admission to the Professional Master in Mathematics is open to graduates of this University and other approved Universities and higher institutions recognized by the Senate of the University of Ibadan, with a minimum of 3<sup>rd</sup> Class honors degree in Mathematics, Sciences, Engineering and Social Sciences. It is however required that non-Mathematics graduates must pass a minimum of four (4) courses in Mathematical Sciences. Such courses are Elementary Differential Equations, Elementary Algebra, Calculus, Elementary Statistics, Computer Programming, Mathematical Analysis, 20 Operations Research and Numerical Analysis during their undergraduate programme. Holders of H. N. D. with a minimum of Lower Credit in the above specified disciplines shall be considered. They are however required to have passed a minimum of four courses in the Mathematical Sciences at both OND/HND levels. C. 1. (i) FACULTY OF THE SOCIAL SCIENCES

MASTER OF BUSINESS ADMINISTRATION (M. B. A) (Department of Economics) The Programme This programme consists of courses taught over three semesters, leading to the degree of Master of Business Administration (M. B. A.) in the Department of Economics. Admission Requirements: Candidates for admission to the Programme should hold a B. Sc. Honours

Degree from a recognised University or possess acceptable professional qualifications such as ACA, ACCA, CIA, AIB, ACIS and HND with a minimum of lower credit passes and other approved equivalents. Candidates must have at least five years' post-qualification experience in practical management. In addition to the above requirements, applicants must satisfy the O' level first degree matriculation requirements of the University of Ibadan, i. e ' O' level credit passes in five subjects at not more than two sittings including English Language and Mathematics OR Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language, Mathematics and three other relevant matriculation subjects. 2. (i)

MASTER OF SCIENCE (M. Sc.) IN BANKING AND FINANCE (Department of Economics) The Programme: The programme consists of courses leading to the Professional Degree of Master of Science in Banking and Finance in the Department of Economics. Admission Requirements: The Programme is designed for those with a first degree from a recognised University or Professional qualifications such as A. I. B., A. C. A. A. C. C. A., C. I. A. A. C. I. S. and HND with a minimum of lower credit passes and other approved equivalents. Candidates must have also acquired at least two years of post-qualification practical management experience in a recognised Banking and/or Finance Institution. 21 (ii) (ii) In addition to the above requirements, applicants must satisfy the O level first degree matriculation requirements of the University of Ibadan i. e. O level credit passes at not more than two sittings including English Language and Mathematics OR Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language, Mathematics and three other relevant matriculation

subjects. Final selection will be based on oral interview of short-listed candidates. \*Candidates are therefore encouraged to provide their e-mail addresses and telephone numbers to facilitate invitation to the interview. . 3.

(i) MASTER OF URBAN AND REGIONAL PLANNING (M. U. R. P.) (Department of Urban & Regional Planning) The Programme: This is a two-year full-time programme, leading to the degree of Master of Urban and Regional Planning (M. U. R. P). It consists of courses, seminars, laboratory and studio demonstrations, individual projects and a three-month period of internship. (The programme is recognised by the Nigerian Institute of Town Planners).

(ii) Admission Requirements: Admission to the programme is open to candidates holding recognised full Professional Diploma, with a minimum of credit level pass in Town Planning and related disciplines. In addition, applicants must satisfy the ' O' Level first degree matriculation requirements of the University of Ibadan i. e. ' O' Level credit passes in five subjects at not more than two sittings including English Language OR TC II obtained between 1967 and 1981 with merit or credit passes in English Language and four other relevant matriculation subjects. 4. (i) M. Sc.

DEGREE PROGRAMME IN HOUSING The Programme: The M. Sc. in Housing programme offered by the Department of Urban and Regional Planning provides an avenue to develop a crop of practitioners/ professionals who are theoretically and practically competent to rise to the challenges which housing issues present. This is achieved through lectures, seminars, fieldwork, laboratory/studio demonstrations and case studies. (ii) Admission Requirements: 22 Admission to the M. Sc. Housing Programme is competitive and open to graduates of the University of Ibadan or other Universities

recognized by the Senate, in the Social Sciences, Administration, Environmental Design and Management, Technology, Law, Sciences and Environmental Health. Limited number of candidates with long-standing experience in housing oriented establishments, but with recognized equivalent professional membership may be considered for admission. HND graduates with minimum of 5 years postqualification experience may also be considered for admission. In addition to the above requirements, applicants must satisfy the ' O' Level first degree matriculation requirements of the University of Ibadan i. e ' O' Level credit passes in five subjects at not more than two sittings including English Language OR Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language and four other relevant matriculation subjects. (iii) Duration The programme can be run full-time or part-time and will extend over a minimum of three (3) Semesters for full-time studies and minimum of five (5) semesters for part-time studies. 5.

#### PROFESSIONAL MASTER OF ELECTION ADMINISTRATION (M. E. A)

(Department of Political Science) The Programme: The Professional Master's Degree programme is aimed at teaching and Research in Election studies. It is geared towards training serving and aspiring Electoral Managers as well as people involved in organizations associated with election processes who wish to advance their knowledge, skills and expertise through specialized training in Election Administration. The long—term objectives of the programme are: (i) (a) (b) (c) (d) (e) (f) To increase knowledge and enhance learning about democratic electoral processes. To promote transparency, accountability, professionalism, and efficiency in electoral processes. To generate

alternative frameworks and guidance to election administrators and policy makers seeking to strengthen national electoral systems. To encourage the use of good practices in electoral administration. To identify cost-effective elements in electoral systems design and administrative practice. To highlight the innovations and encourage knowledge-sharing in electoral administration.

23 (ii) Target Group The Master's Degree in Election Administration is intended to attract students from all over Africa. The target groups are existing staff of Electoral Commissions, members and employees of political parties, members of Election Monitoring bodies within and outside Africa, as well as the interested general public.
