Write in no more than 350 words. In an arranged marriage, the choice of a husband or wife is done by parents or the elderly. In this era of science and technology, people don't depend on their families or the elderly anymore. They trust that true love comes naturally in their lives. Arranged marriage is not relevant in today's society because of several reasons.

Firstly, the reason why arranged marriage is done by young adults is because of technology in today's society after Merdeka. In new modern, people always have internet, hand phone and television. Nowadays, the internet plays a crucial part in our lives. It is one of the most useful inventions of all time. For example, Facebook, Yahoo Messenger, Twitter and Skype invite us to know people each other from other countries compared to the past generations which do not know about technology. Thus, the technology plays a major role in our lives today.

Besides that, education is one of the reasons why arranged marriage is not relevant in today's society. This is because, people in this generation have a lot of opportunity to continue their study until university or overseas. They will choose their partner in life which has a good career and high wages. In the past generations, the women of that time have no chance to further their study and have a good life. Therefore, it is undeniable that education is the reason why arranged marriage is not relevant in today's society. Apart from

that, people like to travel at other country with family or friends to get a new experiences there.

For example, people which travel at overseas maybe will like their culture and meets new people from other country. From knowing each other, they might have a relationship with the person they like. The ancients doesn't have an opportunity to travel because they are lack of money and facilities. Because of that, they just depends on recommendations of their parents to arranged their marriage. In a nutshell, arranged marriage is not relevant in today's society because of several reasons. In order to gain those benefits, we need to have that advantages.
