Ideation Analysis Film Review: The Simpsons movie: A mixed blessing Movie field: Things slow a little as soon as the story kicks into gear, with Simpson patriarch Homer inadvertently sparking an environmental disaster that causes the government to lower a giant dome over Springfield. Ostracized by their neighbors because of Homer's idiocy, the Simpsons find their way to Alaska, only to return to save their town from destruction.

Lexically-rendered movie field:

The family patriarch inadvertently sparks an environmental disaster. The environmental disaster causes the government to lower a giant dome over the town. The family is ostracized by the family's neighbors because of the father's idiocy. The family finds their way to other state. The family returns to save the family's town from destruction.
