For me, a best teacher can set high expectations for all students. Also a best teacher are well prepared and organized, they are in their respective classrooms early and ready to teach.

But the cost important is they can form strong relationships with their students and show that they care about them as a person. 1. Mr.. Michael Tortes Bonito He was my most favorite teacher in my whole college life. Its because his characteristics as a professor suits to my own definitions of a best teacher. He was very open to all of his students, he is very approachable and also he is handsome 2. Mr.. Edward Albert Celeste One of the characteristic of him as a professor that I like was his intellectual ability. He is very familiar and ready overtime we have a discussion and at the same time e can explain it very ell. . Ms. Grace Jazzing She my teacher in speech and world literature this semester also in Modern communications back then when I was in 1st year. I like her as a professor because she's good not only in teaching but also I like it the way she taught us. 4. Ms. Et Rareness I include him to my best teacher because his way of teaching grab my attention. He is very strict and he wants us to learn until the class end. 5. Mrs.. Susann Gene This teacher is very good in teaching, overtime we have a

class she always makes us laugh that's why our attention focus on her more.  
V.

Worst/Unwanted Teacher For me, the qualities of a bad/worst teacher are he/she is lack of organizational skills. Every teacher has to keep up with so many things on a daily basis that they must be organized to do their Jobs effectively. A teacher can't be a best teacher if he/she is lack of classroom management. Lastly, he/she must act as a professional in a sense that he/she is not always absent nor late. 1. Mr.. Lovers Haploid To be honest, I don't like the way he manage the class, its because every time that one of my classmates makes mistake he is always implicating the whole class. 2. Mr.. Ian Verb

One of his characteristic that I don't like is he is not approachable. 3. Mr.. Panic He is my NSP professor, I don't like him because he don't discuss any matter that covers the lesson. He is just checking the the attendance and that's it. 4. Mr.. Ryan Macaulay He's approachable but, the way he deal with his class is very unprofessional. 5. Estella Merman She is definitely good at explaining the lesson. But I don't like the way she discuss, she is just explaining and she don't make a recitation for us. VI. Places I have visited Last March 8, 2014, me and my classmates in first year went to Enchanted garden in

Angst Vulcan for an educational tour. There's a lot of people who was saying that I was a beautiful places that's why IM so excited which makes me prepared my stuffs a night before the tour. We are so happy in the middle of our ride. And when we got to Enchanted Garden, I'm so amaze with the

beautiful views of it. I describe it as awesome, not only the places but also the people out there. They are all hospitable to the visitors. The wind is very fresh looks like you are in the province. I promise that its not only the last time that I going to visit it.
