However it has impact for family because when the younger use the mass media be the model neither it bad nor it not bad I think it is directly for the younger especially language. It was

influenced by younger because when the stars are speaking, the younger are listen it I think they copy the speech from the stars if it is bad I think it is not good. Especially when the movie are playing at the night , in the morning or every time . The nature of the movie have many performer as much as evil who are bad speech, the younger can not consider if adult does not teach them the younger are use the speech absolutely. All of program on mass media have benefit if it plays good and parent are descript for their child. Although it is effect from younger and family that is the big problem from the mass media and The mass media including TV, radio, or newspapers when they receive bad mass media it maybe effect with behavior for the younger such as aggressive, violent so the young choose be consider that It's not bad or It's bad. The young people choose use the moral in the mass media that spend in your life and the bad thing you choose teach you life. it is result to the nation because if the younger receive bad mass media and they do follow it. This is the problem into the nation maybe they will doo the bad thing that we don't know such as the nation robbery (when the see on television). Now on the newspaper or television have many news that is politics, murder and if the younger read it and nobody don't give the knowledge them up . maybe the younger are think it is good and do follow it. So the nation or adult choose be train the younger that is important and it have the effect to everybody.
