

Hotel industry

Hotel industry is a place often times visited by travelers and with a large number of population who love to rest and relax by lodging, taking reception in parties, anniversaries celebration, birthday, wedding, business meetings and seminars for they are looking for a nice and convenient location where they can hold the event. By this hotels are mushrooming in the City. Hotel is first being established in 1845 the first hotel built in the Philippines named Hotel Del Orient in Bambino Manila. The hotel was two story building with an 83 rooms fronting the plaza De Carols III it was the first class hotel which is beside the famous landmark, La Insular Cigarettes and cigar factory but during Japanese time Hotel Del Orient and Insular are both burned down and former site now was being occupied by the Metro bank. And the oldest surviving hotel in the country is the Manila hotel which built in 1917. Until they reach the year 2010 hotels was already ranging for a total number of 28 Hotels.

According to National Statistics Office the population of Lillo city as of August 1, 2007 is about 418, 710. It is difficult on choosing a variety of hotels in which of them has an excellent level of service to satisfy their needs and with a cheaper price in any occasions, complete hotel amenities, hotel availability for reservation and location which can easily be seen. As of these years also the number of travelers is about 1.5 million. This country includes Asians, East Asians, South Asians, North Americans and South Americans.

By this it gives reason for researchers to conduct a study entitled " An In-Depth Study of Hotel Industry in Lillo City". This study will be able to determine the class B hotels which includes La fiesta Hotel is a 2 star hotel is connected with a blend of convenience of modern facilities and comfort of

old values and traditions.
