

# Types of communication language

**ASSIGN  
BUSTER**

Making an analysis of Unsuited Lobby Harry give us an interest with the fact that we could relate. Learning experiences that include phonology and the use of the types of communication seem to be fascinating for his part.

Unsuited considers learning experiences as fun and interesting.

Nonetheless English language has been difficult for Unsuited to learn.

Difficulties such as pronunciation, grammar, orthography, utilizing the different types of communication etc.

In learning the language are much visible. Though there are numerous barriers that may hinder his aspiration to learn, they are not factors for Unsuited to stop learning. Instead they give him courage to do more. Let weaknesses in learning the English language not be a hindrance, but be fuel for an individual to try hard to be a competitive language speaker in a world that regarded English as its second tongue. No matter how hard the language is, no matter how many barriers that may encumber one's learning toward it, they will never be hindrance to a person who positively aim for something that will benefit him, at the edge of success.
