A corrigendum on

[What Is Seen Is Who You Are: Are Cues in Selfie Pictures Related to Personality Characteristics?](#)

by Musil, B., Preglej, A., Ropert, T., Klasinc, L., and Babič, N. Č. (2017). *Front. Psychol.* 8: 82. doi: [10.3389/fpsyg.2017.00082](https://doi.org/10.3389/fpsyg.2017.00082)

In the original article, there was an error. The wrong reference was cited, Hall and Pennington (2013), was cited instead of [Hall \(1964\)](#). A correction has been made to the Coding Section, Sub-Section Social Distance, first sentence of the fifth paragraph:

According to [Hall \(1964\)](#); see also Kress and van Leeuwen, 2006), we coded six social distances.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way.

Conflict of Interest Statement

The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.

References
