to have their meal that they can maintain the price. But not means that everyone is not going to dine in the high cost restaurant. To those who are can maintain the high cost prices on eating mostly of them will choose to dine in the five star restaurants such as foreigner traveler in our country.

2.0 Answer Question 1

My Own Restaurant and environment

In my opinion, I will choose greasy spoon as my restaurant. It is because I prefer a casual and relax environment. Nowadays, many people are having stress environment in their working and studies. They don't have any places to release their stress beside home. Therefore, themes of my restaurant are giving the best environment to customer for release their stress. Other than this, my restaurant also will set up a Wi-Fi connection for my guest. So that, they able to surf the net and uses phone application communicate with their friend. In addition to that, they also can do their job in this relaxing environment. Besides that, in my restaurant very spacious it wouldn't be too packed. I also will use a sofa set and trendy wooden chair furniture. The decorations of my restaurant have plant decoration to make it look more nature and the color of wall wouldn't be dull it will look much brighter.

Because of the many people is more care about hygiene so that my restaurant should be always in clean and tidy situation especially the premise. In my restaurant environment there are also have relaxing music to relax their mind and also have magazine to let them read when they are waiting for friend or waiting to be served. Some of the magazines are fashion trend so that they also can discuss the new trend with their friend when they are dining in the restaurant. Not only that, in my restaurant I also will set up

a playroom for the guest who bring child so that the child wouldn't disturb other customer.

2. 1 What Type of Food in My Restaurant

In every restaurant, food is very important because food is the main thing to attract more customer come to have a try. There have many different type of customer and we need to clearly know who the target toward the restaurant. Because of my restaurant is consider a casual and relax environment, food in my restaurant are simple and wouldn't be big portion and taste also wouldn't be too strong. The main course in my restaurant is coffee and bread or croissant, for drink I will not only provide coffee but also tea, juice, ice blended, chocolate and plain water. Coffee will also have divide to different type, latte, mocha, espresso, cappuccino, hazelnut coffee and other such as caramel milk and hot chocolate. Tea provides green tea, English tea and jasmine tea. Juice will provide green apple juice, orange juice, passion fruit juice, peach fruit juice and watermelon juice. And also nowadays most of the people are concern about health and all the fruit juice I sell are fresh and have option to choose their sweetness and the level of ice to make sure customer are stratified with the drink. For food, I will provide some choices to let customer choose and eat with bread such as bacon, ham, sausage, smoked salmon, smoke duck, chicken slice, tuna and other. Other than this, in my restaurant also will provide mash potato, French fried, salad as side dish. Salad also can follow customer favorite to add smoke salmon or chicken slice to mix with. Fruit pie, fruit tart, brownies, cake as a dessert. Besides that, we also have special of the day menu. In some special day such as father day, mother day, it will have a special discount for them if

they dining in and also the anniversary of the restaurant also can get a special promotion for everyone. In addition to that, for customer do have birthday in the month we do provide a special promotion or have a mystery gift to them. In some specific day such as valentine day, restaurants also provide a couple set for them. I will choose some day in a week to make a special meal such as chicken burger.

2. 2 The Food Pricing

The food pricing in my restaurant are affordable to all range of customer. Because of all the material I use on food and drink are fresh. Some of the materials I will choose on super market because it is fresher and some of the materials I will get from supplier because those materials is difficult to get from super market. To make sure my restaurant will gain profit the materials I use will be lost cost and can maintain the cost pay by customer.

3. 0 Conclusion

In my opinion, I will owned a casual and relax environment restaurant because I hope I can give the best environment for customer to relax. I will also follow the customer feedback form to improve the thing that customer are not satisfied. Besides that, I also will create and think more detail about the food that customer suggest to us. The advantage of my restaurants is having a relaxing place to let them to release their stress and also they can have a small gathering with their friend when they are free. In addition to that, they also can have a suitable place communicate with parents if they are dining in the restaurant together. Therefore, my restaurant also will place at a full of peaceful places it can let customer feel the quiet when they are relaxing and wouldn't feel being disturbing.
