Ethics Pledge and project proposal Student Name (Typed): I understand that the Graduation Project, in all of its phases, is to be completed independently under the supervision of my English teachers. The topic I choose for my research paper and the product I complete must represent a learning stretch beyond my current knowledge. If I commit plagiarism in the research paper or falsify the project in any way (exaggerating fieldwork hours, lying, forging signatures on any forms, falsifying mentor information), I will be penalized and this may prevent me from successfully completing the components and graduating.

I must be responsible in meeting deadlines, completing requirements, and making sure the required elements, as Failure to do so may prevent me from graduating. That I am responsible for maintaining a professional and neat portfolio that meets the specifications detailed in the Graduation Project Student Manual. I must give an oral presentation before a panel of community members that clearly details the research and real-world. This Graduation Project is a local graduation requirement and that failure to complete all four components will result in not graduating on time with my class.
