Therefore, as a student in ICE / Pre-ICE, I agree to make a commitment to uphold and support the Honor System and the Academic Standing policy. I hereby resolve to uphold the Honor Code of the Cambridge ACE program at Fleming Island High School.

High ICE Film and Literature Permission Form Please be aware that novels, plays, and poetry collections used in Pre-ICE and ACE English and Literature courses are determined by Cambridge university, not Fleming Island High School. In a given year, every student enrolled in the ICE program around the world is required to read the same “ set texts”. Every book or play selected by Cambridge has literary merit, but on rare occasions a parent or student may object to a given literary work.

Making accommodations in a non-ICE course is difficult but not impossible; however, ICE students have few options because they are tested only on those specific literary works that are designated “ set texts” for a particular syllabus year. Please understand that being accepted into the ACE Program indicates that your child has demonstrated academic potential and intellectual maturity and should be able to handle the challenging texts set by the program. In addition to literary works, we sometimes use videos to further enhance the students understanding of the literary work.

These videos are for instructional purposes only. Videos may not be rated PEG. A list of literary works is provided with individual course syllabi. By signing this form, you give your child permission to read and view literary materials that are integral to the ICE program. Technology Awareness understand the importance of computer access for ICE Program students ND that students must have access to a computer with Internet access, word processing capabilities, and a working printer either at home or in their community.

It is important that students download (free) Adobe Reader or a comparable program in order to be able to view or download PDF files. Students may find it helpful to have a flash drive of their own to store copies of ICE glasswork/homework, or projects in case of a printer or computer failure. If an assignment or project is late because of technological problems at home the teacher may require a signed note from the parent to verify the problem. Clay County currently uses Blackboard to host teacher and organization pages where students and parents may view and print assignments and announcements.

Some ICE teachers use this site for classes. Students and parents will be given instructions on using Blackboard at the beginning of the freshman year and will be expected to access Blackboard for assignments when asked to do so by a teacher. Some teachers have websites which students will need to access. There is an ICE Program website as well. Parents of Clay County students have the ability to access FOCUS, which is the online grading program used by Fleming Island High. This access allows you to view your child's grades at any time.
