

Reading and writing with clarity

[Education](#)

Additionally, the quality of services was found to promote community integration and foster closer relationships between staff, children and parents by stimulating new child-rearing practices.

(a) This sentence is incorrect as the sentence structure implies that the dog should be put in a plastic bag. Therefore a suggested correct alternative is:
If a dog fouls the playground, you must use a poop-scoop to put the dog's waste into a plastic bag.

b) The sentence is incorrect because the word “ each” is singular and therefore reference to “ members” and “ are” is incorrect. Therefore, the correct alternative is:

Each staff member is required to complete the form.

c) The sentence structure is fragmented and the alternative is:

The procedures are enclosed for staff use and are colored grey.

d) The correct sentence is:

The report requires all headteachers to devise a suitable system.

e) The sentence is incorrect in failing to insert an apostrophe to denote the subject. Therefore the correct sentence is:

The small pupil's identification number is shown below.

f) The word “ design” is singular and therefore the use of the word “ are” is incorrect:

The design of computer systems is always carried out by qualified engineers.

g) Correct sentence:

The team has had many meetings and recommends the following action.
