

# Human sexuality assignment

[Art & Culture](#)

**ASSIGN  
BUSTER**

There are fifty multiple choice questions. You will have seventy-five minutes for the exam. I will deduct five points for every minute or fraction thereof that you exceed the time limit” so watch the clock! There are fifty multiple choice questions. You will have seventy-five minutes for the exam. I will deduct five points for every minute or fraction thereof that you exceed the time limit” so watch the clock!

You MUST study beforehand” you will not have time to “ look up” answers! Writing definitions to these words will not be sufficient, This review sheet only deals with Information from the text-you are still responsible for other assigned materials. Disclaimer: This review sheet does not contain everything that is on the test, nor is everything on this review sheet ON the test. If I wanted you to have that, I would have just given you a copy of the exam.
