School, Church service, etc. Share with someone you believe is not a disciple of Christ. Share with someone of a different religion. Reservation, a form will be filled out analyzing the activity. Notes on Evangelism: For each Evangelism is sharing the Gospel of Christ not the gospel of your denomination or church or ministry group. No credit will be given if the presentation is confusing to the person as to what is the the Gospel and what isn't. No "hard sell" tactics. No tricks. No manipulation. Share from the heart as led by the Spirit. It is desirable if some respond to the Gospel, but you do not get extra credit for that.

If a person responds to the Gospel and seeks to follow Christ, get information so that follow-up can be done by you or someone else. C. Discipleship. Form "Company 3" groups in the class. Each group is ideally 3, although 4 is acceptable. Each group will abide by the rules and responsibilities of Company 3. Each group should meet at least 6 times during the term. These 6 times must be during different weeks. D. Group Presentations. The class will be divided up into groups. Each group will research and present a topic in class. The presentation should take at least 30 minutes and no more than 40 minutes.

Innovation/creativity of presentation is encouraged. However, effectiveness in reviewing and teaching the lesson/book is more important than creativity.
